

To keep furs in good condition it is necessary to keep them in a temperature similar to the climatic conditions that exist where the bearing animals are found. The cold, anhydrous temperature of our scientific storage systems improves the value, lightens the fur and guarantees your furs to last longer and look better for many years ahead with us.

STARTS SUIT TO PROVE WEDDING

JULIA A. ROYT IS BETROTHED

In the spring the fumes of Wellesley College students light up to thoughts of announcing their engagement. These are the first of the season, and on this anniversary night of May, 1911, four happy undergraduates are planning to reveal the congratulations of their classmates, and little Old Dan Cupid is not far from the college grounds seeking a victim.

Formal engagements are the only ones of the kind, however, that are being made. "Summer" or other casual engagements are not considered worthy of mention. Otherwise the announcement of a betrothal would be a much longer and polished affair.

The first girl who is displaying these signs of matrimony is Miss Margaret, a senior, who is to wed Henry M. Sperry, of Salem. Miss Margaret is a member of the Phi Kappa Phi Honor Society, and is a member of the Phi Kappa Phi Honor Society, and is a member of the Phi Kappa Phi Honor Society.

The Massachusetts State Board of Charities has refused to grant the request of the State Board of Health of Rhode Island to take and care for, even temporarily, Harry Sheridan, the fifteen-year-old boy, residing in the State of Rhode Island, who has been found to be a leper. The board of health of Rhode Island has been sent to the Rhode Island State Board of Health.

The decision was announced after application had been made to the board by the State Board of Health of Rhode Island, and the members of the board of health of Rhode Island had been consulted. The board of health of Rhode Island had been consulted.

A legislative investigation of the purchase of rolling stock by railroads in Massachusetts during the last ten years was demanded by Senator Roger Sherman Hoar today at a hearing before the House Committee on the Senate and House. Mr. Hoar led an order providing for such an investigation, in the bill numbers which indicated that they would report against it.

"Such an investigation should be had for two reasons," said Hoar, "first, because of the enormous cost of the purchase of rolling stock, and second, because it is commonly supposed that there has been graft in connection with the purchase of rolling stock. The committee on the Senate and House should be kept advised of the progress of the investigation."

Dr. Estabrooks' "Alveolar" METHOD Replaces Lost Teeth

Without the Use of Old Style Crowns or Bridges

NO PLATES NO ARTIFICIALITY

Notice New Address Our downtown office is now at 597 Washington Street, Boston, Mass. Dr. Estabrooks' popular prices on this high-class dental work have brought it within the means of those who are not wealthy; therefore this highly scientific ALVEOLAR method has been expensive, but like everything else it has been improved upon in a way to lessen the cost and has become popular with people who appreciate its great advantage over the old-style crowns, bridges and plates with their bulky, artificial appearance. If you have a few solid teeth or roots left, the missing teeth can be restored by Dr. Estabrooks' improved ALVEOLAR method, and you will be surprised at the naturalness of the work. Dr. Estabrooks does the work quickly and painlessly; you are not kept waiting in the case of the older methods, and Dr. Estabrooks does the work painlessly and at a popular price. Don't let any dentist extract your teeth or sell you any old-style crowns, bridge or set of teeth. See Dr. Estabrooks first and let him tell you what is best for you and what it will cost. No charge for consultation or advice.

IMPORTANT ANNOUNCEMENT

THE HAYNER DISTILLING COMPANY OPENS A BOSTON HOUSE!

In order to keep pace with the tremendous increase in our business in the New England States—get closer to the people—and render them better and prompt service—we have opened a new Eastern Office and Shipping Depot at 51-53 High Street.

For years, we have been preparing for this important step—doubling and trebling the size of our distillery—vastly increasing our reserve stock of fine old BOTTLED-IN-BOND WHISKY and BOTTLED-IN-BOND WHISKY.

NOW—we want your trade—we want you to send us a trial order TODAY for HAYNER fine old Bottled-in-Bond Whiskey on our positive guarantee you will find it the richest, purest, most delicious whiskey you ever tasted—or it will not cost you one cent.

That guarantee is as fair and square as we know how to make it. It means what it says. It guarantees backed by our \$500,000 capital and our 40 years reputation for honorable business dealings.

Send us your order for four quarts of this magnificent Hayner Private Stock Bottled-in-Bond Whiskey. When it arrives, open one, two or all of the bottles—TRY the whiskey—and if you don't find it all that we claim, and up to our highest expectations in every way, send it back at our expense—and we will return every cent of your money.

You see, WE MUST MAKE GOOD—we must send you a quality that will win your instant favor—and we will do it.

Note the price—only 80 cents a quart (express paid) for this highest grade bottled-in-bond whiskey—a whiskey that is distilled, aged and bottled under U. S. Government supervision—and every bottle of Hayner's Private Stock Bottled-in-Bond Whiskey is guaranteed absolutely pure.

RUSTLERS BEGIN NEW SERIES WITH THE REDS

By R. W. LARSON.

A series of afternoon sessions, given by the Rustlers to their visitors from the West, was to be inaugurated at the South End grounds today with the Cleveland Red Sox as the guests of honor. As these are open air affairs, it was doubted whether the evening would have been the afternoon, for there were clouds in the sky and they were threatening all morning to burst.

It was reported that Manager Fenner would send young George Tyler in the first game of the series with the Red Sox, who are the leading club in the American League. The Rustlers would prefer to see Fenner's leading pitcher, but they are in charge of the game. Fenner, however, is in charge of the game. Fenner, however, is in charge of the game.

Two former Boston Rustlers, Mike Rice and Johnny Bates, are in the Red Sox. Bates is a pitcher, but Mike Rice is a catcher. Bates is a pitcher, but Mike Rice is a catcher. Bates is a pitcher, but Mike Rice is a catcher.

The Rustlers were much pleased that the series was so well received. They were much pleased that the series was so well received. They were much pleased that the series was so well received.

Jeff Ought to Know Better Than to Ask a Policeman Such a Question

By "Bud" Fisher

NO CHALLENGE YET ACCEPTED

By E. V. B. PARKE.

That an international track meet between the combined forces of Harvard and Yale and a challenge to Oxford will take place in the near future is a possibility, and with a meeting would be in the hands of the leaders of this sport, a body considered by the big men over the Olympic games held several years ago in England, none have been of the opinion that the feeling in England between America and England was far from good. Such a meet as the one in sight will do much toward ending this feeling.

The last time an affair of this kind was held was in 1904 when the home team won out 8 to 3, on five places in each event counting in the first place. At that time Eddie Jurek, the Harvard quarter miler and later the champion, and "Pete" Brown, the three mile sprinter, were the big stars of the meet. They were the only ones who made lines that day which have practically never been equaled since.

At present, however, should Harvard and Yale combine, a mighty good team could be made. Take for instance Harvard's group of quarter, half, mile and two mile. It is a question whether there are any to equal them on the other side. And in addition, with Foster of Harvard in charge, the center team would go out on any way. In the weight events Captain Kilgore of Yale would have it all his own way, for he is doing so great a job in the shot put these days of course it is not to be expected from this side of the pond that England has done nothing in the way of good athletes, but at least the Harvard side would be the better one.

As a matter of fact the affair is not absolutely certain as the thing was in the hands of the promoters of the meet. The story of it is as follows: The first team to be organized was the Yale team. The first team to be organized was the Yale team. The first team to be organized was the Yale team.

The Manicure Lady Has an Argument

"I don't think I have ever seen a woman so well manicured as you are," said George Tired, looking at the manicure lady who was sitting at a small table in the corner of the room. "Your fingers are so small and delicate, and your nails are so perfectly manicured. I wish I could have a manicure like yours."

The Wonder Girl and Jack "Attend" a Banquet

The guests passed; the feast was done; The guests had gone away; But though the speakers all were through, They still had things to say. The steady waters eddied on, That eager, curious pair, And wandered about confounded throng It was that kept 'em there.

A SUCCESSFUL WIFE

A Really Great Novel by G. Dorset. Copyright, 1910, by Harper & Brothers

SYNOPSIS OF FIRST INSTALLMENT.
ELEANOR, a poor girl, whose father had died, was left with a large family to support. She was a very beautiful girl, and her mother, who was a widow, was very proud of her. Eleanor was very kind and gentle, and she was very popular with the other girls in the school. She was very kind and gentle, and she was very popular with the other girls in the school. She was very kind and gentle, and she was very popular with the other girls in the school.

CHAPTER III.—(Continued.)
I HAD the private word of several of the girls in the school, and they were very kind to me. They were very kind to me, and they were very kind to me. They were very kind to me, and they were very kind to me. They were very kind to me, and they were very kind to me.

CHAPTER IV.—(Continued.)
